

Where the mind is without fear
and the head is held high,
Where knowledge is free;
Where the world has not been broken
up into fragments
By narrow domestic walls;
Where words come out from the depth of truth;
Where tireless striving stretches its arms
towards perfection;
Where the clear stream of reason has not lost its way
Into the dreary desert sand of dead habit;
Where the mind is led forward by thee
Into ever-widening thought and action –
Into that heaven of freedom,
my Father, let my country awake.

- Rabindranath Tagore

School should be a learning centre where conflicting interests are minimized, where individuals work together in a common pursuit of truth and realize that artists in all parts of the world have created forms of beauty, scientists discovered secrets of the universe, philosophers solved the problems of existence, saints made the truth of the spiritual world organic in their own lives, not merely for some particular race to which they belonged, but for all mankind.

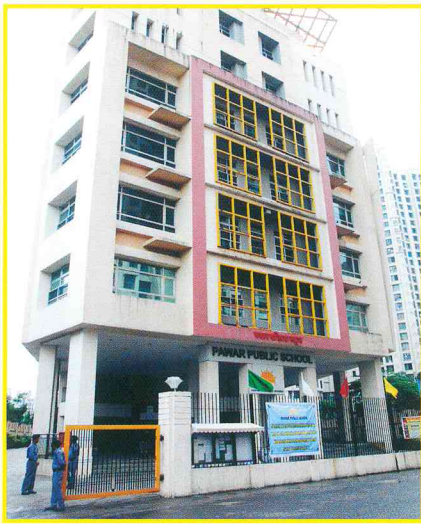

The Pawar Public Group of Schools are managed by the Pawar Public Charitable Trust (PPCT), which is an organization that focusses on the needs of the less privileged section of the society. PPCT is committed to the uplift of the nomadic tribal communities by imparting a basic level of education to them.

The Pawar Public School at Bhandup, Mumbai (ICSE) was the first school set up by the Trust which commenced classes in June 2006. The plan to initiate HSC is in process in this school. Pawar Public School, Hadapsar, Pune (ICSE) followed thereafter, with the first intake of students in June 2008. The third school promoted by the Trust commenced classes at Kandivali, Mumbai (ICSE) in June 2010. The fourth school opened its doors to the first batch of students in June 2011 at Chandivali (ICSE). Two schools under the same umbrella started functioning in Pune – one at Hinjewadi (affiliated to CBSE) in June 2012 and the other at Nanded City, Pune (proposed CBSE) in June 2013. The seventh school set up by the Trust commenced classes at Palava, Dombivali (proposed ICSE) in June 2015. As part of our vision, the Trust plans to set up additional schools in future to impart the same level of education.

We believe that every child is special and has certain inherent qualities and capabilities; it is our endeavour to offer them the opportunities to explore their talents and rise to their full potential. In our schools through our teaching methods, we aim to provide education in a congenial and caring atmosphere conducive to learning. Learning is most effective when it is based on creative learning experiences and includes creative problem solving and critical thinking assignments. We at PPS, believe that true education is a lifelong quest for knowledge.

Our schools have been set up on a simple premise that we will

- ✴ Generate self-confidence and self respect in every child.
- ✴ Foster holistic development of the child. Reinforce the highest standards of academic excellence.
- ✴ Provide equal opportunities to every child.
- ✴ Inculcate effective communication skills.
- ✴ Develop introspective, analytical and objective faculties.
- ✴ Encourage the pursuit of life enhancing activities like Art, Craft, Dance, Music, Drama and Sports.
- ✴ Identify hidden talents in every child and nurture it.
- ✴ Facilitate the child to reach his/her full potential.
- ✴ Provide good infrastructure, which can enhance the teaching learning process.
- ✴ Motivate healthy competition at school as well as at the inter-school level.
- ✴ Imbue good morals and values to form a strong ethical character.
- ✴ Instill compassion and tolerance and respect for our culture.
- ✴ Create an awareness of, and respect for, the rights and duties of one's self and others.
- ✴ Inspire patriotism and create a sense of responsibility towards humanity and society

The aim of education should be to teach us rather how to think, than what to think – rather to improve our minds, so as to enable us to think for ourselves, than to load us with thoughts of other men.

BILL BEATTIE

.....

At Pawar Public School our vision is – to provide quality education through trained and experienced facilitators with the state of the art infrastructure and educational practices. Our facilitators view themselves as “reflective educators” who are constantly seeking to enhance the teaching-learning processes through action, research and reflection.

We are committed to provide the best in terms of an environment conducive to the intellectual, moral, cultural, physical and emotional growth of every student.

- ☀ Trained, qualified and experienced facilitators foster the holistic development of the child.
- ☀ Focus on critical thinking, conceptual clarity and experiential learning.
- ☀ Well-lit, airy classrooms equipped with smart boards and Audio Visual rooms to enhance the teaching-learning process.
- ☀ A well-stocked Library provides reference books, fiction and non-fiction book for students, teachers and parents.
- ☀ State-of-the-Art Laboratories for Physics, Chemistry and Biology cater to the needs of our young budding scientists.
- ☀ Hi-tech Computer Laboratories comparable with the very best ICT has to offer.
- ☀ A fully equipped Auditorium provides a platform to showcase our young talent.
- ☀ Special rooms for Dance, Music and other cultural activities provide a creative outlet to our students.
- ☀ A specially designed activity area and play area are just perfect for our tiny tots.
- ☀ A fully equipped Medical Room with a trained nurse is available to cater to the medical emergencies at school.
- ☀ 24 hours CCTV surveillance of the campus provides a safe learning atmosphere to our learners.
- ☀ Continuous Comprehensive Evaluation ensures best results.
- ☀ Professional counsellors to cater to the academic, emotional and behavioural needs of the students.

Children must be taught how to think, not what to think.

Margaret Mead

In the Pre-Primary Section, we follow the Experiential Learning Programme. Learning is structured around themes and concepts. Children are encouraged to imbibe knowledge and values through learning. Evaluation in the Pre-Primary Section is mainly based on observation, participation in class activities and ability to act independently.

In the Primary Section, the focus is more on awakening the sensory perceptions inherent in the child, to generate curiosity about the world around and to create an urge to pursue their own quest for knowledge. Evaluation is a continuous process based on grades arrived at through a series of worksheets and assessments done regularly on the completion of the concerned topics. This is envisaged to help students to learn small portions of the syllabus and reduce the anxiety and stress of examination.

At the Secondary level, teaching is application oriented and students are encouraged to start referring to the extensive resource material available at the library, to expand their vocabulary and to express their ideas and thoughts in their own words. Evaluation is based on grades in core subjects as well as in co-curricular achievements. Internal assessment is based on performance in projects, assignments, regular and timely submission of homework and classwork. All this is meticulously planned keeping the board examinations in perspective.

Education is the natural, harmonious and progressive development of innate powers.
Pestalozzi

I want to be like a sunflower so that even on the darkest days, I will stand tall and find the sunlight.

It is our strong belief that the pursuit of fine arts and sports enhance academic performance. Whilst sporting activities stimulates the body and mind, the fine arts give our personality a new dimension. With this in mind, we have devised a curriculum which encourages the participation of every student in varied activities like sports, art and craft, music, dance, debates, etc., to develop fully the latent talents hidden in each child.

Summer Camps are also organized to channelize the abundant energy of the students, develop the neuromuscular coordination, discipline and to inculcate true sportsman spirit.

To instill a healthy spirit of competition amongst the students, they are grouped into Houses and they compete in a variety of cultural and sports activities. School functions are aimed at providing a platform for the students to showcase their varied talents.

The most valuable resource to any school is its Human Resource – the educators who form the backbone of the school system. All our teachers are well qualified with a good command over their subject as staff selection at our schools involves a stringent recruitment process

- ☀ Enrichment programmes for teachers are held on a regular basis to keep the teachers abreast with the latest techniques and methodology.
- ☀ Peer teaching, micro-teaching, circle time enable teachers to grow together.
- ☀ Teachers are deputed to various workshops and seminars to enhance their skills across all levels.

Founder Chairperson -

The late **Dr. (Mrs.) Kumud Bansal** (1946-2012) : Founder Chairperson of the Board of Governance, an IAS Officer, served as the Secretary for the Elementary Education and Literacy at the State and the Centre. She brought with her vast experience in the field of school administration and management. It was under her vision and leadership that the Sarva Shiksha Abhiyan gained momentum. The Pawar Public Group of Schools will always remain indebted to late Dr. Bansal for her invaluable guidance and support.

Managing Committee -

Mrs. Supriya S. Sule: Managing Trustee for the Pawar Public Charitable Trust and Member of the Governing Body for Pawar Public School is a person for whom education at every level is a passion. She has a strong belief in the potential for human growth and she believes that it is the responsibility of the present generation to create the leaders for tomorrow and if we can instill the right values and empower them with leadership qualities, these individuals will be the pride of our nation and assets to the society at large.

Mr. Sadanand Sule: Trustee of the Pawar Public Charitable Trust and the person who has laid the foundation of stringent quality control for the school. He is an economist by profession and is a perfectionist who is not prepared to accept any compromise on the quality of education at PPS. He is the visionary who has spared no expenses in providing for the state of the art infrastructure at schools and has set very high goals for the schools to achieve.

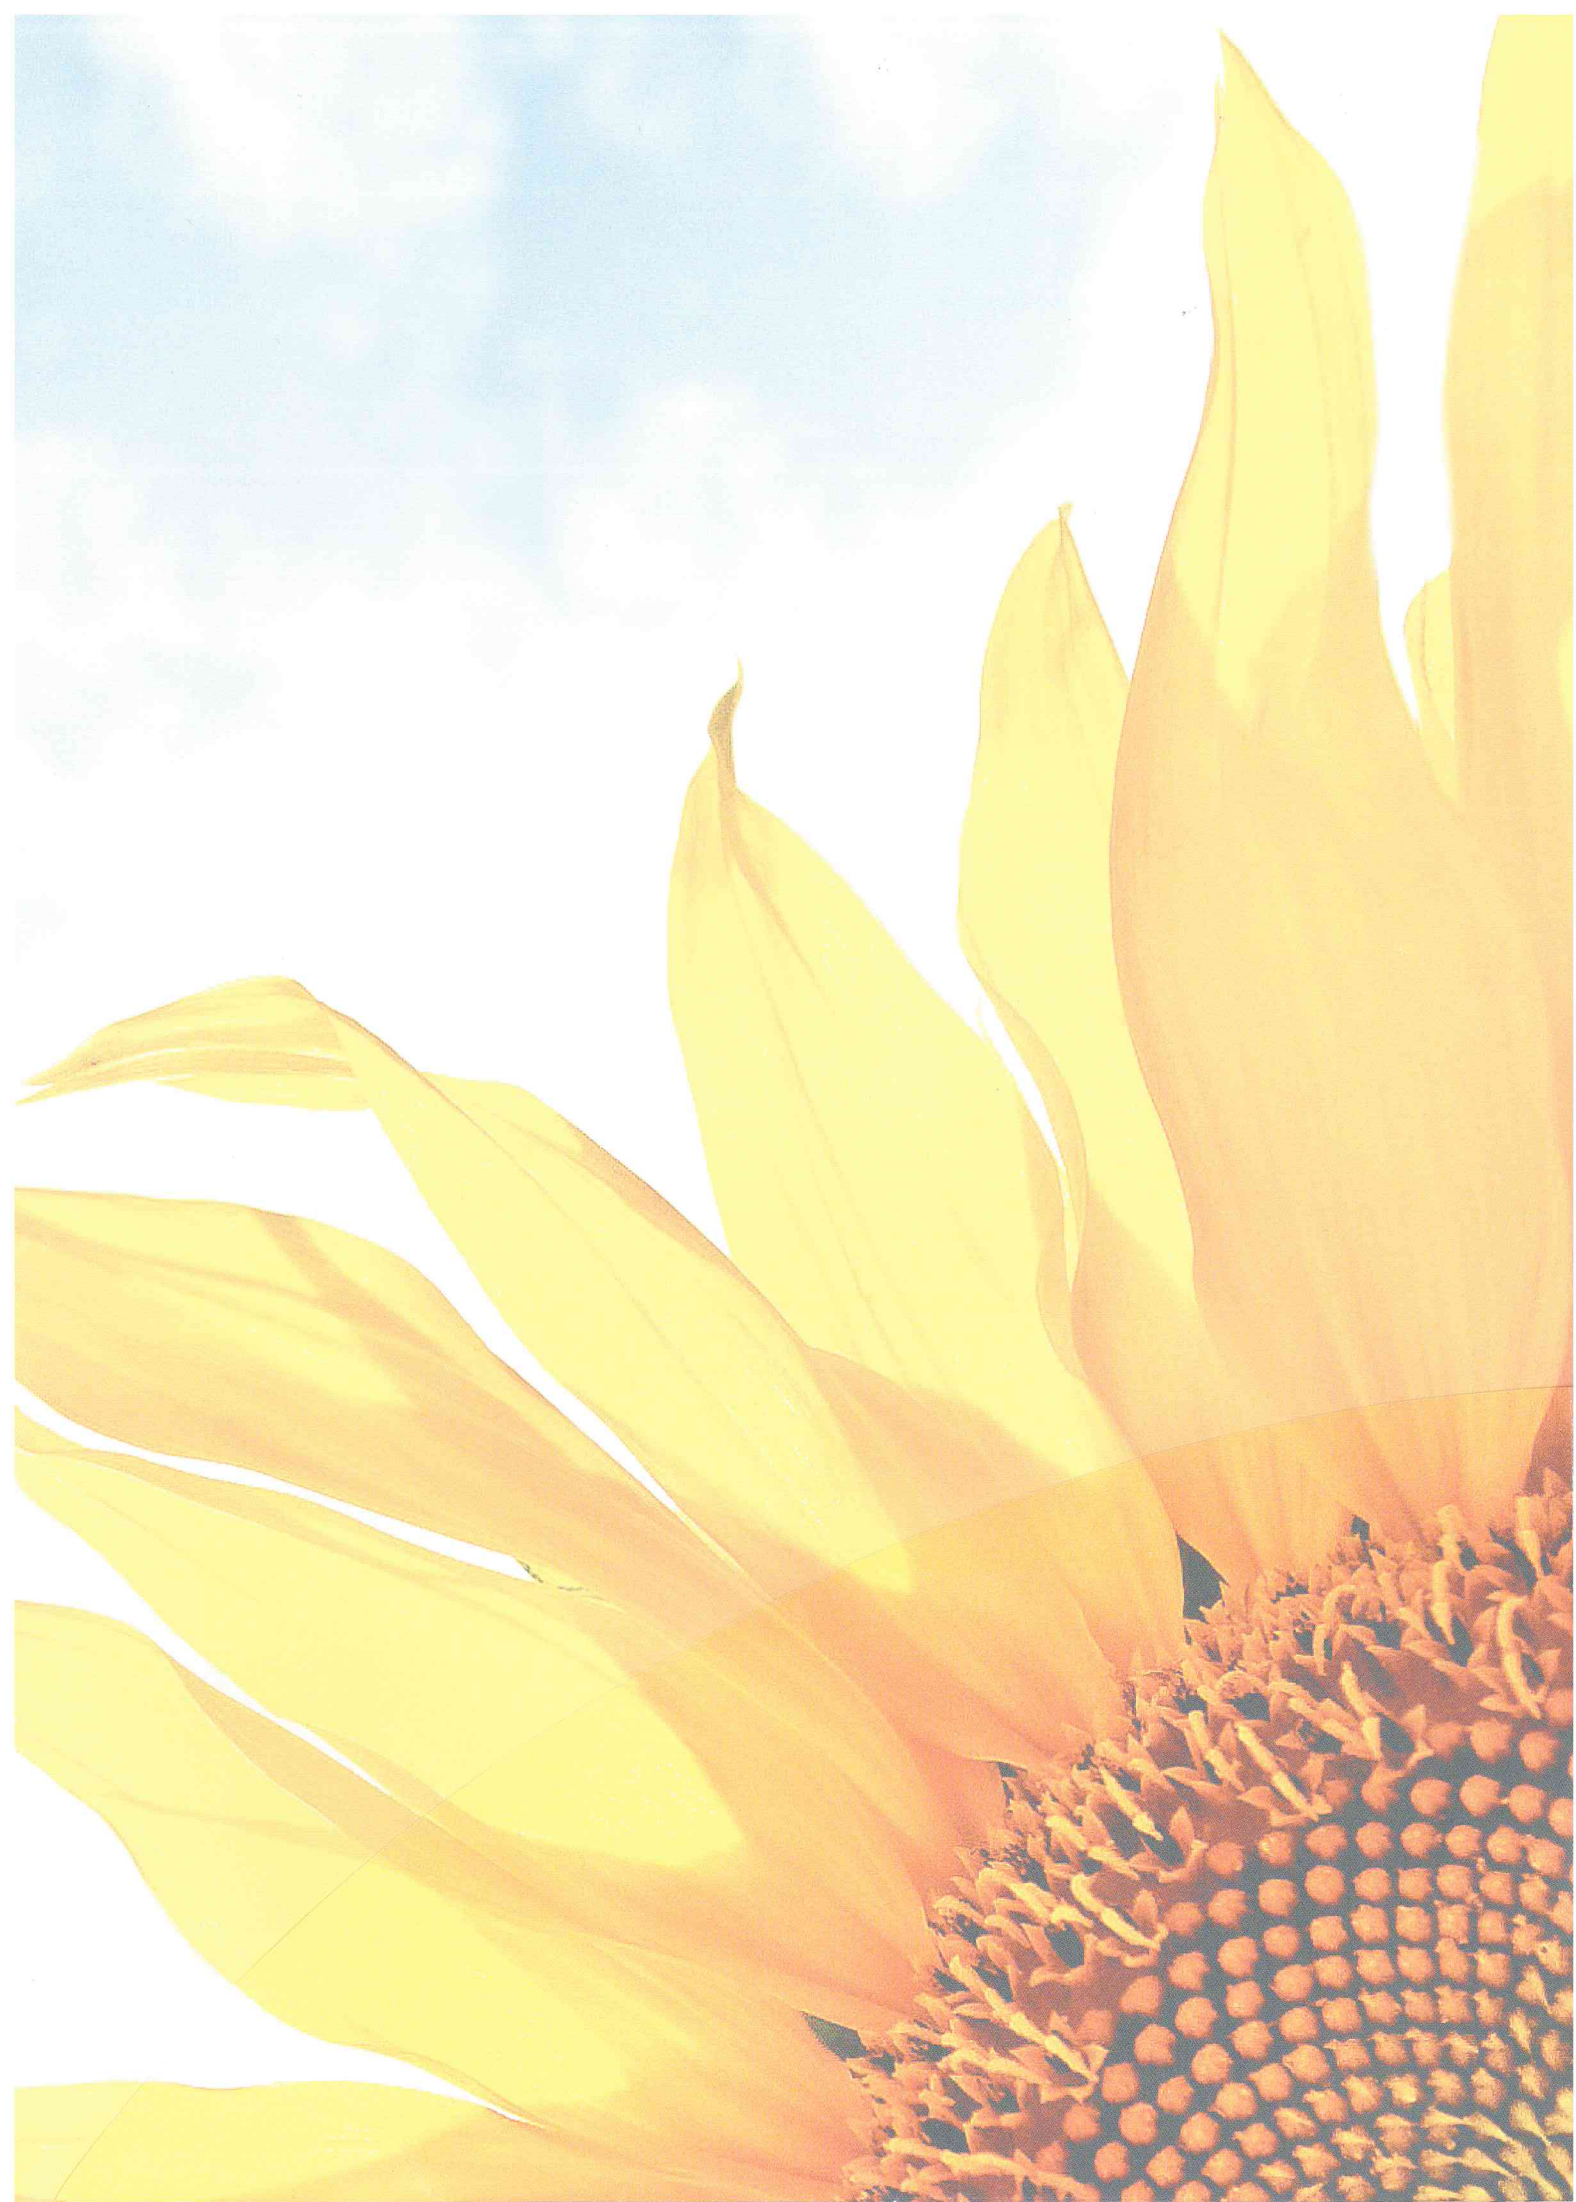

Mrs. Meenakshi Bhat: A hard core educationist associated with the field of education and management of the students for more than 30 years. She has a vast experience in main stream teaching as well as teaching differently-abled students. Her strength lies in the setting up of assisted learning programmes for the weaker students and offering career counselling for students. At PPS she has been a pillar of strength for the schools by conducting various teacher training workshops on classroom teaching techniques, evaluation methodology etc.

Dr. R. D. Bapat: Presently the Chairman at the Haffkine Bio-Pharmaceutical Corporation Ltd. He has retired as the Professor and Head of the Department of Surgical Gastroenterology, KEM Hospital after serving there for 42 years. He has also been the Vice Chancellor, Maharashtra University of Health Science, Nasik. Dr. Bapat has also won the 'Ideal Teacher Award' conferred by the National Foundation of Teachers of India in 1988. A multi-faceted personality, Dr. Bapat is also a badminton champion, orator, leader, and of course teacher!

The Principal of each school serves as the Secretary of the respective Managing Committee.
